

Thanks to the Congregation, Organ Committee, and Staff

Many volunteers assisted the organbuilders and consultant at every juncture: planning, unloading, installation, hospitality, and fundraising. These gifts of time and talent—along with those of treasure—were broadly shared within the community, creating a common sense of ownership. In addition to those just referred to, and countless others, special thanks must be given to Steven Fisher, who stayed on long past his term as chair of the trustees and of the organ committee so that this project could be completed under one leader. In this five-year period, every member of the staff involved in the project changed, save one: Brian Parks, FAGO, organist and associate director of music, whose forbearance and wisdom were essential.

Ronald Ebrecht is university organist and artist in residence emeritus at Wesleyan University.

Stefan Stürzer is president of Glatter-Götz Orgelbau.

Church members, staff, clergy, and Glatter-Götz technicians teamed up to move in the console on February 17, 2022.

First United Methodist Church • Marietta, Georgia

Glatter-Götz Orgelbau
Pfullendorf/Aach-Linz, Germany
